Bill:

Back a number of months ago, you were kind enough to suggest the name of Bartlett & Picarella in Bronxville as people who would take good care of us on an appraisal for my mother's estate. We had a number of other suggestions from various sources, and my brother, Hendon (you are probably too young to remember Hendon) chose Bartlett & Picarella.

I am happy to say that the process went very well. While there are always some rubs in this kind of process, the Bartlett & Picarella team were easy to work with and, in my opinion, very technically qualified to do the job. Many thanks for your help.
