Dear Ms. Filichko-Picarella,

Thank you so much for your nice letter of February 6th regarding the Liverpool Creamware Pitcher - we too were thrilled at the price it brought in the American sale, and know that it will make a difference in your client's family's lives. You should be most gratified that the hard work you have done makes your job worthwhile and gratifying.

As for the article that is being written about you: yes, the writer is welcomed to interview me.

With many, many thanks for having thought of us when you discovered this hidden treasure, the Grand Turk pitcher - it was a great privilege and joy to have handled it for you and your client.

Sincerely,

Ticia Roberts
